ANNUAL REPORT 2022

Unveiling Our Transformative Journey

In a world where each drop of water holds the promise of life, our journey has been one of turning promises into realities. Welcome to the digital gateway of our annual report—a window into the transformative work that the KSLF has undertaken in the realm of water sanitation. As we reflect upon yet another year of unwavering commitment and tireless efforts, we invite you to embark on a virtual voyage that encapsulates our pursuit of a healthier, more sustainable future for rural communities. At the heart of our mission lies the conviction that every person, regardless of their location, deserves access to clean and safe water. This report chronicles our endeavors to turn this vision into tangible change. From the dusty lanes of remote villages to the corridors of schools nestled amidst green landscapes, our footprint spans far and wide. As we recount our accomplishments, challenges, and the lives we've touched, we extend an open invitation to explore the depth of our impact.

Why Go Digital?

In embracing the digital age, we recognize the power of connectivity and accessibility. This year, we are excited to introduce a new dimension to our annual report—a dynamic online version accessible through a simple scan of a QR code. This innovation allows us to transcend boundaries and bring our stories of empowerment and progress to your fingertips. No matter where you are, you can now join us in celebrating the triumphs achieved in partnership with communities, volunteers, and supporters.

Join the Journey

As you explore this digital realm of impact, we encourage you to engage, share, and be a part of our journey. Each success story, each milestone reached, and each challenge overcome is a testament to the collective effort of a community that believes in the power of water to change lives. So, without further ado, scan the QR code and immerse yourself in our annual report. Discover how your support has played an integral role in the lives of those striving for better, healthier futures. Join us as we celebrate the past year and look ahead with renewed determination to continue transforming lives drop by drop. Thank you for being an essential part of our mission. Together, we are turning the tide of change and building a world where every individual enjoys the fundamental right to clean water.

WHAT IS IT????

Our grandparents saw it in rivers also,
But our parents saw it in wells....
We saw it comes from the pipelines,
Our children saw it in bottles,
How about our grand children?
Probably they will see in a medicinal capsule,
Further and further if we are ignoring it,
It will see in tears only.
It is the SAFE WATER..!

SCHOOL PROJECTS COMPLETED IN THE YEAR 2022

VIHARAGALA TAMIL PRIMARY VIDYALAYA

Viharagala Tamil Primary Vidyalaya is a rural underprivileged government primary school, located in 157 G Viharagala Grama Niladhari Division of Haldummulla Divisional Secretary's division of Badulla District, in the Uva Province. The school is situated on a top of a mountain and learning 66 students who are from Grades 1 to 5. The academic staff consists of 10 teachers.

Allmost all students from the school are members of low-income underprivileged local families.

The school was struggling for safe water and sanitation for the last 20 years. Due to a lack of resources, the entire school community was helpless for addressing the issues.

The safe water scarcity was very critical in dry periods and sometimes it was prolonged up to 6 – 7 months and they had to search for water from 400m away from the school prem-

As per the request from the Viharagala School authorities, the Kansarmen S L Foundation(K-SLF)came forward to facilitate the needful. The KSLF can reconstruct the water well by facilitating a 2000L stock water tank and organizing a pipeline (270 m in length) with the water source.

The water-delivering system consists of 2 hand-washing units each unit is composed of 4 water taps. Further, a toilet complex was reconstructed which contained 4 toilets and 1 urinal.

The students, teachers as well as parents of the school gave their labor to carry some construction materials to the school premises when the construction was done.

The project has yielded 71 direct beneficiaries and now the entire school community is happy for having safe water and Sanitation facilities.

VIBULANANDA TAMIL MAHA VIDYALAYA

Vibulananda Tamil Maha Vidyalaya is too rural underprivileged government school of 780 students from grades 1 to 13. The academic staff there is 35 teachers.

The school is located at 157B Beragala Grama Niladhari Division of Haldummulla Divisional Secretary's Divison in Badulla District, in the UVa Province. Its building structures are available in 5 different elevations and it is a key feature of this landscape.

The all most all students of the school are from low-income level estate families who earn less. Although the school was connected with a community water supply line, the quantity of yielded water was not sufficient for even drinking in most dry seasons. Further lack of water in washrooms made it more difficult for females.

As per the request of Vipulananda Tamil Maha Vidyalaya the Kansarmen S L Foundation (KSLF) came forward with a solution by implementing a safe water and sanitary project.

Owing to the project, 5000L 2 new water stock tanks were added to the existing ground heights, and the students in the classes of higher elevated levels
faced difficulties in having access to the tank for their water needs. two water tanks. A new pipeline system with a length of 420m was constructed and a further 6 hand washing units (each having 4 water taps), and 15 water tap posts were constructed around the school premises. The parents and teachers gave their labor to carry some construction materials to the construction site.
The direct beneficiaries of the project are 815 and now Vipulananda Tamil Maha Vidyalaya is almost free from safe water and sanitation issues. Further, the majority of the parents of the students are now able to engage in vegetable and flower cultivation works enabling an additional income.

KIRIWANAGARA VIDYALAYA

Kiriwanagara vidyalaya is located at 156 Kiriw nagara Grama Niladhari Division of Haldummulla Divisional Secretary's Division in Badulla District, in the Uva province. The Vidyalaya is a rural unprivileged government school with 340 students from grades 1 to 13. The academic staff consists of 36 teachers. The back ground of students of the school is mostly low-income daily paid estate laborers.

The prevailing issue was the severe lack of safe water for the school community especially in the dry period which is prevailing for several months. The only water source was a waterline from the line houses off the estate.

The safe water issue was addressed by the Kansarmen S L Foundation (KSLF) by implementing a safe water supply project. As per the project a deep tube well was constructed with a pump house consisting of an electrical panel board.

The project supplied a 5000L water stock tank with a new pipeline system. With the water supply system 4 hand washing units (each hand wash unit containing 4 water taps) and 6 water
tap posts.

The parents and students of the school contributed with their labor. Presently the school community of Kiriwanagara Vidyalaya is happy with
getting water throughout the year not only for drinking purposes for 375 individuals but also to wash and garden vegetables as well as flowers on the school premises.

WE-ELIYA PRIMARY VIDYALAYA

We-Eliya Vidyalaya is also an underprivileged Government primary school located at 157C We-Eliya Gramma Niladhari Division of Haldummulla Divisional Secretary's Division of Badulla District, in the Uva province.

It is a rural school with 22 students from grades 1 to 5. The academic staff of the school consists of 8 teachers. The majority of the students are from low-income estate labor families.

The prevailing issue for going on a project was the lack of safe water mostly in the dry period and sometimes it extended for 6 – 7 months. As a consequence the school community had to find safe water from outside, probably 1km remote. So it was very difficult to manage the issue with simple measures.

Due to the request of the We-Eliya School authorities, the Kansarmen S L Foundation(KSLF) has implemented a sustainable solution. For this purpose, the prevailing wellwas deepened by 7m. A protective system was constructed with GI
pipes and steel sheets. Further, a pump house with relevant accessories was constructed to link the existing water stock tank.

A water pipeline system was constructed to cover the school premises. In addition, a unit of wash basin with 4 water taps and 2 water tap posts was also constructed under the project. The parents as well as the teachers of We -Eliya Vidyalaya gave their labor in several project activities. Now We-Eliya school community is pretty happy with the new improvements in the consumption of safe water. The direct beneficiaries of this project is 30 individuals.

SOUTHAM TAMIL MAHA VIDYALAYA

Southam Tamil Maha Vidyalaya is another underprivileged government school located at 68A Naulla Gramma Niladhari Division of Ella Divisional Secretary's Division in Badulla District, in the Uva province. The school which has classes from grades 1 to 11 is situated on the top of a small mountain. The parental community of Southam Tamil Maha Vidyalaya is mainly low-income daily paid laborers.

The school was struggling for nearly 5 decades for safe water and proper sanitation facilities.

The scenario caused a lot of hardships for small students. At the request of the school authorities, the Kansarmen S L Foundation (KSLF) implemented a safe water and sanitation project by obtaining all necessary approvals from the provincial and zonal educational authorities.

As per the project a 5000L stock water tank was connected to a new pipeline system which was 610 m in long to deliver safe water for the entire school premises. Accordingly, 5 hand washing units (each containing 4 water taps), and 4 latrines with 3 urinals were constructed. Further 8 water tap posts were also made with the project. Because of the implemented project 642 direct beneficiaries are happy with newer resources for safe water and improved sanitation.

SRI DAMMANANDA PRE -SCHOOL

Sri Dammananda Pre School is located at 156 Kiriwanagara Gramma Niladhari Division of Haldummulla Divisional Secretary's Division in Badulla District, in the Uva Province. The pre School is composed of 25 students who are from underprivileged local families and 2 teachers.

The parental community of the Pre-School was estate workers of paddy and vegetable fields who are paid less wages. The prevailing issue with the Sri Dammananda Pre-School was that no water resources and the parents of the Pre-School had to go out to a nearby water stream to collect water. The water demand was very high as the population is composed of small children.

Further, the sanitary facility availablethere too affected negatively due to the water crisis. Accordingly, a water tower was constructed, and made a new water pipeline which was 450m in length to collect water from a natural waterway, located in high elevation. In addition to that an existing hand washing unit was repaired and constructed 3 new water tap posts and one new hand washing unit.

Further, an existing latrine system too reconstructed. The parents of the Pre School contributed their labor for some project constructions. The project serves 27 direct beneficiaries and now Sri Dammananda Pre School is Happy to utilize safe water and wash facilities throughout the year.

PITIPANA MAHA VIDYALAYA

Pitipana Maha Vidyalaya is located at Pitipana Grama Niladhari Division of Negombo Divisional Secretary's Division of Gampaha District, in the Western Province.

It is a government school situated in the west coastal belt with 1426 students and 63 teachers. The majority of students represent the fishing community and ground water is often saline. The prevailing issue was that there is not enough safe water as well as sufficient sanitary facilities for years. 1As per the request of the school authorities, the Kansarmen S L Foundation(KSLF) came forward to help Pitipana Maha Vidyalaya. Owing to the KSLF project 4 new latrines were constructed.

beneficiaries and further a 5000 L water stock tank, and a pipeline were constructed to join the municipal water supply line. In addition, 5 hand washing units (each unit has 4 water taps) and 3 water tap posts around the playground were also constructed under the project. The school community of Pitipana Maha Vidyalaya gave their support for some project activities. The project has created 1459 direct beneficiaries and now Pitipana Maha Vidyalaya is almost convenient with safe water and wash facilities.

KALAGANWATTA MAHA VIDYALAYA

Kalaganwaththa Maha Vidyalaya is another rural underprivileged government school located at 519F Allekumbura Grama Niladhari Division of Walapane Divisional Secretary's Division of Nuwara-Eliya District, in the Central Province. The school is composed of 600 students from grades 1 to 13 and the academic staff is 38 teachers in number. The school experienced a critical water deficiency state for months in the dry season due to the drying up of the available water sources. The school authorities were unable to manage the issue by adopting simple solutions.

Proper and regular water supply As per the request made by Kalaganwaththa Maha Vidyalaya the Kansarmen S L Foundation (KSLF)- joined with hands to provide a sustainable solution to the issue.

5000L new water stock tank was connected to the community water supply system through a new pipeline. A 500L new stock water tank was also added to Kalaganswaththa Maha Vidyalaya. Further, 2 hand washing units (each containing 4 water taps) and 2 water tap posts were also constructed Under this project. In addition, 2 existing toilets were reconstructed.

The water supply system of the school was extended to all existing toilets, the science laboratory, and the teachers' quarters.

The direct beneficiaries of the project are 700 and now Kalaganwaththa Maha Vidyalaya is happy to utilize the fresh facilities which are created by the KSLF project.

MAHAKUDUGALA PRIMARY VIDYALAYA

Mahakudugal Primary Vidyalaya is located at 533/1 Walapane Grama Niladhari Division of Walapane Divisional Secretary's Division in Nuwara-Eliya District, in the Central Province. Mhakudugala Primary Vidyalaya is another rural underprivileged government school studying 52 students from grades 1 to 5. The teaching staff there is 8. Almost all parents of the students are low-income daily paid laborers working in tea estates and vegetable farms.

The prevailing "WATER" issue was critical for 6 months per year for the last 15 years per the request of the school authorities of Mahakudugala Primary Vidyalayha the Kansarmen S L Foundation(KSLF)came forward to resolve the issue by implementing a water and sanitation project.

Owing to the project, a deep tube well with 62m was constructed. Further, a water pump with an electrical panel and a pump house was also constructed.

A 2000L water stock tank was connected to a pipeline system which was 400m in length.

The water supply system yielded 2 hand washing units (each containing 4 water taps), and 7 Water tap posts. Further an existing hand washing unit, 4 latrines, and one washroom with 3 urinals were also constructed.

The parents as well as teachers of Mahakudugala Primary School gave their labor for several constructional activities. The direct beneficiaries of the The project is 60 individuals.

SILVER KANDY TAMIL VIDYALAYA

Silver Kandy primary school is located in 533/0 Walapane Grama Niladhari Division of Walapane Divisional Secretary's Division of Nuwara-Eliya District, in the Central Province. It is a mixed school with Sinhalese, Tamil, and Moor students.

The Vidyalaya is a rural underprivileged primary school which is on a small mountain. The school community is composed of 70 students from grades 1 to 5 and 7 teachers. The majority of the parental community is low-income and daily-paid tea estate workers.

Before the period of the implementing project, the school had a hard experience with sanitary facilities.

Although there was a sanitary system in the school, it was very old and had not undergone renovation. A request was made by the school authorities to the Kansarmen S L Foundation(KSLF)and as a result of it, a project was planned and implemented to resolve the issue.

In the construction phase, parents, as well as teachers of the school, gave their labor, especially to carrying construction materials inside the school. Now 80 persons are directly benefited from the project and Silver Kandy Primary School is pretty happy to deliver their functions much more easily.

DELTAGAMUNUPURA MAHA VIDYALAYA

Deltagamunupura Maha Vidyala is located at 474/F Deltagamunupura Gramma Niladhari Division of Kothmale Divisional Secretary's Division iNuwara-Eliya District,in the Central Province. The buildings of the school are Available in five different elevations. The school is composed of 1405 students and 70 teachers. Further, there are about 5000 students, teachers, and parents of other schools coming over there to share some resources. The majority of the students are from low-income, daily paid estate worker families who are living with many difficulties. Though the school was connected to a community water supply scheme, there was no adequate water for the dry period, sometimes extended up to 6 months. As a sequence of it, the students had to go here and there for collecting water.

As per the request made by the school authorities, the Kansarmen S L Foundation and Brandix Lanka Limited jointly came up with a sustainable project to address the issue. With the project 10000L stock tank is added and the existing water tower is reconstructed.

A complete water pipeline system was constructed to facilitate each school building, washroom, and teacher quarter. Owing to the project 6 new washing units (each unit consists of 4 water taps) and 10 water tap posts are constructed. The project has caused 1475 direct beneficiaries and now Deltagamun upura Maha Vidyalaya is happy with the new facilities provided by the KSLF.

MINNERIYA NATIONAL SCHOOL

Minneriya National School is located at Polonnaruwa Gramma Niladhari Division of Polonnaruwa Divisional Secretary's Division in Polonnaruwa District, in the North Central Province.

The school is composed of 865 students with 82 and it is isolated from Polonnaruwa urban area. Hence the majority of students and teachers of the school faced difficulties, especially with safe water and sanitary facilities. The parental community of this national school is low-income paddy farmers.

As per the strong request of the school authorities, the Kansarmen S L Foundation came forward and implemented a sustainable project.

According to the project 4 latrines, 2 urinals, and a cement handwashing unit are constructed. In addition, 2 new toilet pits and 5 hand washing units (each containing 4 water taps) were also constructed. A new pipeline is also constructed to achieve the benefits of the project.

This is also a joint project of the KSLF and Brandix Lanka Limited. The students and their parents gave their labor as their participation in the project activities. Because of this water and sanitation project, 847 direct beneficiaries are happy to utilize the new resources provided by the KSLF.

C.P. PURA PRIMARY VIDYALAYA

CP Pura Primary School is located at 59 Muwanpelessa Gramma Niladhari Division of Higurakgoda Divisional Secretary's Division in Polonnaruwa District, in the North Central Province. This Vidyalaya is also an underprivileged government school with 356 students from Grades 1 to 5 as well as 16 teachers. Since the school is isolated from the Polonnaruwa urban area, the majority of students and teachers of C.P. Pura Primary Vidyala suffered more difficulties linked with safe water and sanitary facilities.

The most of parents of C.P. Pura Primary Vidyalaya are low-income paddy farmers, inland fishermen, and paddy mill laborers.

As per the request of the C.P. Pura Vidyalaya, the Kansarmen S L Foundation(KSLF) came forward jointly with Brandix Lanka Limited and implemented a sustainable water and sanitation project.

The overall project has been executed through six main components. (1) A 10,000-litre tank was supplied and installed at the lowest level of the school land on a low concrete tower built by the project to stock enough water received from the road pipeline.
According to the project, 6 urinals in a washroom were reconstructed. Further, a sound pipeline system with installing a 1000L water stock tank was constructed. In addition, 1 hand washing unit consisting of 4 water taps and 3 water tap posts are also constructed. The direct beneficiaries of this project are 372 individuals.

IRAHENDAKETUWAWE MAHA VIDYALAYA

Irahanda Ketuwewa Maha Vidyalaya is located at Diyabeduma Gramma Niladhari Division of Alahera Divisional Secretary's Division in Polonnaruwa District, in the North Central Province. The Vidyalaya is also an underprivileged government school in Polonnaruwa District with 800 students and 40 teachers from Grades 6 to 13. Since the school environment is so dry there is a lack of water resources.

It caused many hardships to students as well as teachers and students had to bring water for drinking as well as sanitary purposes from the outside. The parental community of the school is small-holder paddy farmers and daily paid paddy mill laborers who belong to the low-income generating local population.

As per the request made by Irahanda Ketuwawewa Maha Vidyalaya's authorities, the Kansarmen S L Foundation(KSLF)planned and implemented a sustainable water project to overcome the issue faced by the Vidyalaya with the grant assisted by the.

Owing to the project a deep tube well was constructed with installing an electrical pump house. A 20 feet height steel water tower was fixed a 2000L water stock tank was also constructed. A complete water pipeline system too constructed to cover the school premises. The students and their parents helped when the constructions were done. The direct beneficiaries of the project are 840 and now Irahandaketuwwea Vidyalaya is glad to utilize the new resources gained from the project.

GIRITHALEGAMA MAHA VIDYALAYA

Girithalegama National School is located at 42 Vijaya Wewa Gramma NiladhariDivision of Hingurukgoda Divisional Secretary's Division in Polonnaruwa District, in the North Central Province. The National School is composed of 2400 students from Grades 6 – 13 and the academic staff is 100 teachers.t

Girithalegama National School is situated in a rural environment and it is somewhat isolated from Polonnaruwa urban area. As a result of it, the community of the school suffered from sanitary facilities. The parental community of the school is small-holder paddy farmers and daily paid paddy mill laborers who belong to a low-income generating local population. As per the request made by Girithalegama National School authorities, the Kansarmen S L Foundation (KSLF) came forward with Brandix Lanka Limited for a sustainable 'WASH' project.

Accordingly, 5 latrines in 2 washrooms and a toilet pit were constructed. Further, the existing water supply system was also reconstructed enable to watering for all washrooms. In addition to that one new tap post too constructed asper an item of the project.

The students and their parents gave labor for the said constructions. The project has generated 2500 direct beneficiaries. Now Girithalegama National Scholl is lucky to utilize several new facilities which are important to day-to-day functions.

NAGALAKANDA MAHA VIDYALAYA

Nagalakanda Maha Vidyalaya is also another underprivileged government school located at 57 Samagipura Gramma Niladhari Division of Higurakgoda Divisional Secretary's Division in Polonnaruwa District, in the North Central Province. The school is composed of 400 students from Grades 5 to 13and the academic staff is filled with 44 teachers. Since the school is situated on a border of the Minneriya National Park the infrastructure facilities are less. The prevailing issues are mainly based on safe water scarcity and lack of sanitary(wash) facilities for years. That situation harmed the teaching-learning process.

As per the request made by Nagalakanda Maha Vidyalaya's authorities, the Kansarmen S L Foundation (KSLF) planned and implemented a sustainable water and sanitary project to overcome the issues.

Accordingly, 2 latrines were constructed with each containing 4 urinals. In addition to that existing water, the pipeline was repaired and extended the length further.

Further, one hand washing unit with 3 water taps was also constructed under the project. This project is also a partnership between the KSLF and Brandix Lanka Limited. For the project activities students and their parents gave labor for soil works and transportation of raw materials. The 450 direct beneficiaries are lucky to utilize the new resources for getting safe water and 'WASH' facilities.

MAMUNAGAMA THAKSHILA PRIMARY VIDYALAYA & ITS PARENTAL COMMUNITY

Mamungamuwa Thaskshila Primary Vidyalaya is located at H8 zone of Anamaduwa Divisional Secretary's Division in Puttalam District, in the North Western Province.

The school is another rural underprivileged government primary school with 70 students from Grades 1 to 5 and the academic staff is composed of 8 teachers. The school has about 15 acres of land which is ideal for crop cultivation. Since the school is located in the dry zone all cultivations are dependent on the rain.

The majority of students do not have permanent parental care and some are living with their grandparents who are also a low-income elderly population.

As per the request made by the school authorities as well as the community The Kansarmen S L Foundation came forward with a sustainable water supply project for the community to empower them economically. Owing to the project a deep tube well, a concrete, and a pump house were constructed. Further, a 5000L water stock tank was fixed to drain water for crop cultivation. The community members gave their labor for the construction activities of the project.

Now 20 families are involved in the crop cultivation of the school land and improved their economy to a certain degree. The direct beneficiaries of the project are 20+ low-income families in the Nawagaththegama H8 zone and they deeply appreciate the great contribution made by the KSLF.

COMMUNITY PROJECTS COMPLETED IN THE YEAR 2022

OLANDAWATHTHA DISABLED HOME

Olandawaththa Disabled Home is located a Peherambe Gramma Niladhari Division of Galigamuma Divisional Secretary's Division in Kegalle District, in the Sabaragamuwa Pro ince.

The disabled home which is on an elevated landscape delivers its social service to 60 di-abled individuals with both physical and mental deficits. The prevailing issue of the disabled home was lacking safe water in the dry season due to all available water sources there were dried up for the last two decades. As a result of it, the entire community of the Olandawaththa Disabled Home communities suffered from safe water and maintain sani-tary facilities.

The Kansarmen S L Foundation(KSLF) was re-quested to contribute to overcoming the issue. After an initial assessment of the dia-bled home premises, the KSLF planned and implemented a sustainable project.

As per the project, a new water well was con-structed with a 6m with depth and 2m radius which is 1.7km away from the Disabled Home.

A protective stone boundary wall was also constructed around the well to prevent ente-ing flooded water in the rainy season. Further, a steel mesh cover was also added to prevent adding external impurities. In addition to that, two stock water tanks of 5000L and 2000L were connected to a new water pipeline to drain water to the required locations including the washrooms of the Disabled Home.

The direct beneficiaries of the project are 105 individuals and the stakeholders of the Dis-abled Home are now happy with the avail-ability of safe water throughout the year with the project implemented by the KSLF.

UVAKELE TAMIL COMMUNITY CUM SCHOOL AND DISPENSARY

Uvakele Tamil Community is a vulnerableunderprivileged estate community located at Madulsima Gramma Niladhari Division of Lunugala Divisional Secretary's Division in Badulla District, in the Uva Province.

The community is composed of 60 Tamil families and the total population is around 300.

They live in 4 estate line houses and adults of the population are estate workers of the Madulsima-Lunugala Tea plantation. The community faced severe water deficiency since there was no rain, ground, or surface water for months. This situation made a lot of difficulties for the community in the last few decades.

As per the co-funding of World Vision Lanka, the Kansarmen S L Foundation(KSLF) agreed to implement a project being a partner. As per the project an opened dug well was constructed and also facilitated a pump house with a panel board. Further to that a new water pipeline system was also constructed which is 3km in length with fixing a 25000L water stock tank.

The water supply project serves not only the Uvakele Tamil Community but also the school and dispensary located there. The direct beneficiaries of this water project are 300 persons and the Uvakele Tamil community is no more suffering from water issues.

SWARNADAMA DISABLED HOME

Swarnadama Disabled Home is located at Dunkannawa Grama Niladhari Division of Naththandiya Divisional Secretary's Division in Puttalam District, in the North Western Province.

It is a disabled home serving 45 disabled children and adults. There was no proper wastewater disposal system for the last 6 years and it caused several health hazards to the disabled home community. As per the request made by the Swarnadama Disabled Community, the Kansarmen S L Foundation came for ward with a sanitary project for the community.

As per the project, a wastewater drainage system was implemented by constructing an underground septic tank with the dimensions of 20 ft x 5ft x 5ft. In addition to that a new wastewater drain line was also Constructed to connect with the existing toilets.

This sanitary project has made 83 direct beneficiaries and the Swarnadama Disabled Home is now happy to maintain its sanitary with the great support of the KSLF.

DONATIONS

All of our international supporters were lined through our parental organization – Stichting Kansarmen Sri Lanka(SKSL) in the Netherlands. Our supporters include foundations, corporations, non-governmental organizations, and Dutch individuals and families.

Our strong sense of integrity assured us of continuous financial support from our project sponsors. Support from Wilde Ganzen Foundation and Afas Foundation was assured for the multi-year program and funded the projects in 2022 too. We are incredibly grateful to all the donors who motivated us to reach our goals of providing safe water and sanitation facilities to students and underprivileged rural communities in Sri Lanka.

PARTNERSHIPS

The partnerships we created with World Vision Lanka and Brandix Lanka Limited helped us to reach out to more communities and schools for water supply and sanitation projects which will be planned for the next year.

REPORT OF THE AUDITORS

KANSARMEN S L FOUNDATION – 31ST DECEMBER 2022

1. We have audited the Statement of Financial Position of as at 31st December 2022 ***Kansarmen S L Foundation*** and the related Statements of Comprehensive Income for the year then ended together with the accounting policies and notes as set out on pages 05 to 11.

Respective Responsibilities of Directors and Auditors

2. The directors are responsible for preparing and presenting these financial statements in accordance with the Sri Lanka Accounting Standards. Our responsibility is to express an opinion on these financial statements, based on our audit.

Basis of Opinion

3. We conducted our audit in accordance with the Sri Lanka Auditing Standards, which require that we plan and perform the audit to obtain reasonable assurance about whether the said financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the said financial statements, assessing the accounting principles used and significant estimates made by the Directors evaluating the overall presentation of the financial statements, and determining whether the said financial statements are prepared and presented in accordance with the Sri Lanka Accounting Standards. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit. We therefore believe that our audit provides a reasonable basis for our opinion.

Opinion

4. In our opinion, so far appears from our examination, the foundation maintained proper records for the year ended 31st December 2022, and to the best of our information and according to the explanations given to us, the said Statement of Financial Position and related Statements of Comprehensive Income and notes thereto, which are in agreement with the said records and have been prepared and presented in accordance with the Sri Lanka Accounting Standards, provides the information give a true and fair view of the Foundation's state of affairs as at 31st December 2022 and its surplus for the year then ended.

KANSARMEN S L FOUNDATION

NOTES TO THE FINANCIAL STATEMENT – 31ST DECEMBER 2022

1. **GENERAL INFORMATION**

Name of Company	-	Kansarmen S L Foundation
Address of Registered Office	-	No: 546/8, Daluwakottuwa, Kochchikade.
Nature of Business activities	-	Non-governmental organization.

2. **BASIS OF PREPARATION**

- **Statement of Compliance**

The Financial Statements together with the Accounting policies and notes to the financial statements as at 31st December 2016 and for the year then ended comply with the Sri Lanka statement of recommended practice for Not-for-profit organizations (including non-Governmental Organizations) issued by the Institute of Chartered Accountants of Sri Lanka.

- **Basis of Measurement**

The Financial statements have been prepared on the historical cost basis, except otherwise stated in the notes.

- **Events After the Reporting Period**

All material events occurring after the Statement of Financial Position date have been considered and, where necessary, adjustments have been made in the Financial Statements.

- **Functional & Presentation Currency**

The Financial Statements are presented in Sri Lanka Rupees which is the Company's functional currency.

3. **Property Plant & Equipment**

- **Recognition & Measurement**

Property, Plant & Equipment are tangible items that are held for servicing, or for administrative purposes and are expected to be used during more than one period.

- **Measurement**

Items of Property, Plant and Equipment are stated at cost or valuation less accumulated depreciation and impairment loss.

- **Depreciation**

Depreciation has been calculated on the straight line method by reference to the expected useful lives of the assets concerned using the following rates.

B.J.L.R. PERERA & CO. AUDITORS Reg. No. W/2030 TAX CONSULTANTS

Assets	Depreciation Rate
Office equipment	25%
Motor vehicle	10%
Fax Machine	25%
Building	05%
Computer accessories	25%
Air Condition	25%
Electrical accessories	25%
Kitchen utensil	25%
Furniture & Fittings	10%
New warehouse	05%

- **Donated Assets**

  Where property, plant and equipment is purchased as a part of a project through restricted funds, until the conclusion of the project or, if on conclusion of the project, the asset is not handed over to the beneficiary or returned to the original donor, the cost of the asset is included in a memorandum inventory of property plant and equipment identified as such in the financial statements. Depreciation is not provided on such assets.

- **Financial Instruments**

  Financial assets

  All financial assets are recognized initially at fair value plus directly attributable transaction costs. The company's financial assets include cash, deposits with bank & Trade & Other receivables.

  Loans & Receivables

  Loans & receivables are non-derivative financial asset with fixed or determinable payments that are not quoted in an active market.

  Such assets are recognized initially and subsequently at fair value plus any directly attributable transaction costs.

  The foundation derecognize a financial asset when the right to receive cash flows from the asset have expired or when it transfers the financial asset in a transaction in which substantially all the risks & rewards of ownership of the financial asset are transferred.

4. **Liabilities & Provisions**

   - **Financial Liabilities**

     Interest free loans are recorded at fair value on initial recognition, which is the present value of the expected future cash flows, discounted using a market-related rate. The difference between the cost and the fair value of these loans on initial recognition is a deferred income. These loans and deferred income are subsequently recognition at amortized cost and spread over the useful life of the related assets.

   - **Trade & Other Payables**

     Liabilities classified as Trade & Other Payables in the Statement of Financial Position are those which fall due for payment on demand one year from the Statement of Financial Position date.

W.H.R. PERERA & CO. AUDITORS Reg. No. W/2030 TAX CONSULTANTS

5. **Accounting for the receipt and Utilization of Funds / Reserves**

- **Unrestricted Reserves / Funds (Accumulated Fund)**

  Unrestricted funds are those that are available for use by Kansarmen Sri Lanka Foundation of Kochchikade at the discretion of the board, in furtherance of the general objectives of the Foundation and which are not designated for any specific purpose.
  Surplus funds are transferred from restricted funds to unrestricted funds in terms of the relevant Donor agreements or which the subsequent approval of the Donor.
  Contributions received from the general public are recognized in the Statement of Comprehensive Income on a cash basis.

- **Restricted Reserves / Funds (Project Fund)**

  Where grants are received for use in an identified project or activity, such funds are held in a restricted fund account and transferred to the Statement of Comprehensive Income to match with expenses incurred in respect of that identified project. Unutilized funds are held in their respective Fund accounts and included under accumulated fund in the Statement of Financial position until such time as they are required.
  The activities for which these restricted funds may and are being used are identified in the notes to the financial statements.

- **Expenditure**

  Expenses in carrying out the projects and other activities of Kansarmen Sri Lanka Foundation of Kochchikade are recognized in the Statement of Comprehensive Income during the period in which they are incurred. Other expenses incurred in administering and running the Foundation and in restoring and maintain the property plant and equipment to perform at expected levels are accounted for on an accrual basis and charged to the Statement of Comprehensive Income.

6. **Income recognition**

- **Incoming sources / Contributions**

  Income realized from restricted funds is recognized in the Statements of Comprehensive Income only when there is certainty that all of the conditions for receipt of the funds have been incurred and charged to the Statements of Financial position.

7. **Cash & Cash Equivalents**

Kansarmen Sri Lanka Foundation of Kochchikade considers cash on hand, amounts due from banks and short term deposits with an original maturity of 03 months or less to be cash & cash equivalents.
